Greetings WMC members:

2008 marks the 25th anniversary of the Presidential Award for Excellence in Mathematics and Science Teaching (PAEMST) program. In recognition of this milestone, a special event is being planned to honor Wisconsin's 2008 state finalists, as well as **all Wisconsin state and national level PAEMST awardees** since the beginning of the program in 1983. A ceremony and reception will be held at the Capitol in Madison on November 20, 2008. Letters of invitation will be sent in the near future.

We need your help in updating our contact information for all state and national level PAEMST awardees.

1. If you are an awardee (state or national level), please email your current contact information (name, address, email, phone) to state PAEMST coordinator for mathematics, Diana Kasbaum, at diana.kasbaum@dpi.wi.gov.
2. Our database is incomplete for 1983-89 state finalists. If you are a 1983-89 PAEMST state finalist or know of state finalists for those years, please submit your current contact information as listed in #1.
3. If you have any questions about the PAEMST program or the recognition event, please feel free to contact Diana Kasbaum.

Finally, the 2009 Presidential Awards for Excellence in Mathematics and Science Teaching will be open to secondary teachers, grades 7-12. Nomination and application forms, as well as other information pertaining to the PAEMST program can be found at: <http://www.paemst.org>.
